

INTERNSHIP AT PLH?

Are you one of our new constructing architect interns?

Would you like to be part of an exciting and dynamic workplace where you will get the opportunity to work on a number of ambitious and complex projects? Would you like challenging building solutions and innovative architecture to be at the center for your training?

WE ARE OFFERING:

We can offer you an exciting and challenging work environment where you will be working on one or more of our ongoing projects. Our skilled and experienced staff will make sure that you get the proper professional training. Together with an experienced project team you will work with advanced project design – from the initial architectural sketch to the finished project material – including construction and building technology with a focus on structural principles and modeling principles in the building model.

YOU CAN, AMONG OTHER THINGS, EXPECT:

- To help transfer knowledge from theory to practice and help finding buildable solutions
- Try out complex projects in different stages
- Improve your collaborative skills
- Participate in project meeting
- Learn about form of tender and contracted forms

From you we expect commitment and a professional and positive attitude.
