

Are you our new architectural technology and construction management intern?

INTERNSHIP AT PLH

Would you like to be part of a dynamic and modern architectural firm? Would you like to be involved in a number of ambitious and complex projects? With PLH your development and learning points during your internship will revolve around challenging technical solutions and innovative architecture.

We are offering:

A challenging, yet welcoming, work environment where you will be part of one or more of our projects. Your experienced colleagues will spar with you and contribute to your professional development. You will be part of a competent project team and you will be involved in advanced design management – from the architect's initial sketch to the final project material. Your assignments will include construction methods, and structural- and modelling principles in the building model.

You can expect to:

- Be part of knowledge transfer to praxis and help finding buildable solutions
- Work on complex projects in different phases
- Strengthen your knowledge of materials
- Strengthen your collaborative competences
- Participate in project meetings
- Get a better understanding of tenders and contracts

In return, we expect a high level of professionalism and engagement on your part, as well as a positive mindset.

Apply now!

If you see yourself interning at PLH, please send your application to internship@plh.dk. Please enclose a motivational letter explaining why you are the right match for PLH, as well as your CV and portfolio with relevant projects showing your professional competences. Mark the subject field of the e-mail with "construction management intern" and your name.

We encourage you to apply sooner rather than later, as we call in for interviews and fill the positions on an ongoing basis.
